**Regar's Salary.**  
The young congressman ran his eye again over the pages of the speech he expected to deliver on the morrow.  
He made a trifling alteration or two, passed his hand across his brow, folded his arms and gazed hard at the typewritten pages before him.  
"And all I get for this kind of work," he murmured with a tinge of bitterness in his tone, "is \$5,000 a year."

## DEADLOCK

### Continues Unbroken

### In Reference to Crisp and Paige.

### "I do Not Consider Mr. Paige a Democrat."

### Is the Objection Made by Mayor Young.

### Judge Anderson Says There'll be no Change For a Year.

At their conference Saturday afternoon Mayor Young and Judge Anderson had no difficulty in arriving at an agreement relative to the re-appointing of City Commissioners McGarry and McMillen.

"Contrary to the impression that prevailed concerning the re-appointments just made," said Mayor Young today, "there never was a deadlock. The only deadlock is that relating to appointments of successors to Messrs. Paige and Crisp. This deadlock continues."

Judge Anderson, it seems, would like to break the only original deadlock, but, under prevailing circumstances, cannot. It is stated upon good authority that he doesn't like the position into which the deadlock has placed him. He gave Mayor Young to understand Saturday that "things have now gone too far" for him to make possible a change in his position toward Mr. Paige. Just in what manner Judge Anderson and Mr. Paige to make possible a change is a matter of much speculation.

### MAYOR YOUNG TALKS.

In commenting upon the matter today, Mayor Young said to a Democrat reporter: "The law states that two members of the Board of City Commissioners shall be appointed from the political party which polled the highest number of votes at the last municipal election, and two from the political party which polled the next highest number of votes at said election."

"I take it that the law means that but two members of the Board shall be chosen from one political party, not three, as at present."

### MR. PAIGE NOT A DEMOCRAT.

"That Mr. Paige has not been a Democrat during the period extending over more than a year last passed is proved by what Commissioner McMillen said to me not over three weeks ago. He and I were discussing the present deadlock, when I remarked: 'I'll never consent to re-appoint a man who is not willing to stand or fall with the administration that first put him in power.'"

McMILLAN'S BRIGHT REMARK.  
"Mr. McMillen replied: 'I think that

you misjudge Mr. Paige, because he told me, on the morning of the spring election, in 1896, that he had not intended to vote for Young for Mayor, but that he had changed his mind and believed he would."

"This remark of Mr. McMillen would lead to the question whether Mr. Paige was a Republican then and had decided to give a complimentary vote to the Democrats, or had now entirely forsaken the Republicans and was trying to get into the Democratic band wagon."

Continuing, Mayor Young said: "I either Mr. Paige or his friends consider that to be loyalty, they must certainly be the owners of a political dictionary different from that which I am accustomed to consult. It such conduct a that justifies constitutes a Democrat many of us who have always believed ourselves to be Democrats, would have to withdraw from the party."

The conference between Mayor Young and Judge Anderson was adjourned sine die. It is not known when another attempt will be made to break the deadlock.

### WHAT JUDGE ANDERSON SAYS.

"The Board will remain as it is for another year at least," said Judge Anderson today. Referring to the conference of Saturday he said, "We met down town and the session lasted about four minutes. The Mayor said to me, 'Well, what do you want?' I said, 'We had better re-appoint all the Commissioners.' The Mayor did not agree with me and we decided to name only two. No arrangements were made for another conference and I do not believe that any will be held."

### DISAPPOINTED.

City Commissioners Paige and Crisp are disappointed that no action has been taken with reference to their appointments.

## MARTIN

### Expects to be Granted New Trial—Is Serving Sentence.

(Special Correspondence.)

Columbus, O., April 30.—(SPL.)—Samuel A. Martin, sent to the penitentiary in 1899 from Summit county to serve two years for embezzlement, claims to have interested Columbus and Canton attorneys in his behalf. He says that he will be granted a new trial.

## PAY ROLL

### Ordinance Will be Passed by City Council Tonight.

The short pay roll for city employees, amounting to \$2,400, which has been held up for two weeks, on account of there being no money for departmental funds in the city treasury, will be passed by the City Council this evening.

The ordinance providing for \$75,000 refunding bonds, will also be passed. Treasurer Berger says that he cannot pay claims even though Council does pass the pay roll ordinance. In this case, the Commissioners will be called on to act, and they will doubtless borrow money on their own responsibility.

## THIRTY

### Plants Now Owned

### by American Clay Manufacturing Company.

### Large Concern In Michigan Purchased.

### Every Shop Being Operated to Full Capacity.

### Business Brisk In All Sections—Combine Completed.

The American Clay Manufacturing company has gained control of another large concern, the Bennett Sewer Pipe company, of Jackson, Mich.

The deal for this plant was closed a few days ago. Anna Bennett, the new manager of the works was in the city Saturday in conference with the officials of the general office.

The Bennett works employ 75 men. It is what is known as a single press shop. It has had a large share of the business of Michigan and is a valuable addition to the American company. It gives it the control of the business in that section of the country. This makes 30 shops that are now operated by the company. Every one of the works are being run to the full capacity. Orders are coming in from all sections. The business outlook is most encouraging.

All of the many details of the recent combine will be completed within the next 30 days. President Baird has been very busy for two months closing up the various matters.

## GRAND JURY

### Has Not Considered

### Complaint Made by Citizens National Bank.

### Large Fees In Wood's Will Case.

### Division of Property to be Made Soon.

### Refused to Live With Husband—Court House News.

The grand jury will report for duty again Wednesday. It was learned today that there were a number of cases that have not received any attention. No indictments have been returned. The Phinney matter has not been investigated, although Prosecutor Wana-

maker has been handed the evidence upon which the Citizens' National bank bases its complaint. It consists of a written statement which Mr. Phinney is alleged to have made to the bank relative to his property.

### LARGE FEES.

The fees in the Woods will case were among the largest ever paid in the county. One firm engaged in the case got \$6,000 as their share. The court costs and fees aggregate more than \$10,000. The legacies are to be distributed among the six heirs. The family homestead will be sold. The business block at the corner of Main and Market sts., will also be for sale. None of the heirs care to take this property as their share. Mrs. Emma Andrew will be appointed administratrix in a few days.

### DIVORCE ACTION.

James S. Stevens has filed a petition asking for a divorce from Ann Stevens. They were married Jan. 10, 1882. It is alleged that she has refused to live with him although often requested to do so. She is now living in New Castle, Pa.

### CONGER CASE DISMISSED.

The old aid of execution proceeding of the Citizens' National bank of Kokomo vs. A. L. Conger, has been dismissed by Judge Anderson. The Sheriff was unable to find any property which could be applied to the settlement of the claims of the creditors.

### CROSS PETITIONS.

Peterson & Young have filed an answer and cross petition in the case of Edward J. Wigley vs. Webster, Camp & Lane. They allege that the plaintiff is indebted to them in the sum of \$253.47. William Cooper asks judgment for \$132.

### CONTINUED.

The injunction heretofore issued in the case of the City vs. Ira M. Miller has been continued until the further order of the court.

### THIS IS "IT."

Now comes the spring.  
The glorious time of earth's awakening.  
From out the south the languorous breezes blow,  
And from a sky of deepest, purplish blue,  
The amorous sun looks on the world below  
And kisses into life anew  
The flowers, who, buried deep beneath the snow,  
Have slept the days of winter through.

Now comes the spring.  
And like the peacock the poet who would sing  
Of bright buds, flowers, of grass and trees,  
Of humming birds and honey bees,  
Of golden days so warm and bright,  
And showers that patter on the roof at night  
The grateful breeze, the budding trees,  
The poet sees or thinks he sees—  
And straightway he indites a rhyme  
Unto the vernal time.  
If this were all—were he content  
To waste white paper, ink and toll  
In writing out, with painful toil,  
The thoughts that glow beneath his vest—  
"Twere well; but, ah, he cannot rest.  
He cannot pause, he cannot stop  
Till he has sent them to a shop—  
Where, armed with pencil blue,  
Sits one who dearly loves to drop  
Such inscriptions out of view  
Born in a basket wide and deep  
Where they for aye and aye will sleep.

Now comes the spring.  
And with it comes the Easter week,  
The awful shift and the beer called "Beck."  
The idiot who seizes on a babe  
On city street and country mile;  
The clump who takes the girl he thinks is his  
And wastes his substance on ice cream and fizz,  
And other things, the which I may not name,  
Burst into being and get in the same.  
All round us things begin to hum,  
And thus we know the spring has come.

## MONEY

### Will be Refunded.

### Two Akron Young Ladies Were Swindled.

### Thought They Were Securing a Passage

### To the Paris Exposition Now In Progress.

### Each Put up \$50. It Will be Returned to Them.

The American Tourist company of New York has promised to make good all losses to their patrons due to unscrupulous agents.

This information was joyful news to a couple of young ladies of this city, as well as to a much larger number in Cleveland. Unless the company had taken such action, the young ladies would have been out \$50 each, besides the pleasure of an oceanic trip and the wonderful sights of the Paris exposition.

Early in January, a young man claiming to represent the above mentioned company came to Cleveland. His name was Mr. Arthur Carlton Stewart, and it was his business to secure patronage for his concern. He represented, that upon the payment of \$50 in advance, berths would be secured and reserved upon some reliable steamship line, and that all the trouble of a trip across the ocean would be eliminated. He organized a party in Cleveland and then made a pilgrimage to Akron. Here two more visitors to the "Expo" were found. They were Miss Anna Parlette of 109 E. Exchange st., and Miss Nettie Stewart of 207 N. Union st. The young ladies each paid \$50 and expected to join the Cleveland party.

In a short time it was alleged that Mr. Stewart had more money than he knew what to do with and concluded to suspend operations. However, he failed to notify the Tourist company of his whereabouts and since then he has not been heard from. Misses Parlette and Stewart received notice Sunday that their money would be refunded by the company.

### Are the Improvements

### Decided Upon by the A. & C. F. R. T. Co.

### Will Survey For a Line to Ravenna.

### Quick Trips Will be Made to Barberton.

### Line to be Straightened Between Akron and the Falls.

President T. F. Walsh, of the A. & C. F. R. T. Company, returned home at noon today from New York. He was in that city attending a meeting of the directors of the company. The meeting continued through Thursday, Friday and Saturday.

The question of improvements, changes and extension of the system was discussed. It was decided to complete the straightening of the line between Akron and Cuyahoga Falls. A bridge will be constructed over the C. T. & V. tracks, straightening the line just north of this city. The company will also run a loop to the fair

grounds, and hopes to have it completed by the first of next fall.

It was also decided to improve Randolph park. No definite action was taken relative to the constructing of a line to Ravenna. Preliminary work, such as surveying and preparing an estimate, will be made, and if the price of track material decreases, the line will be built.

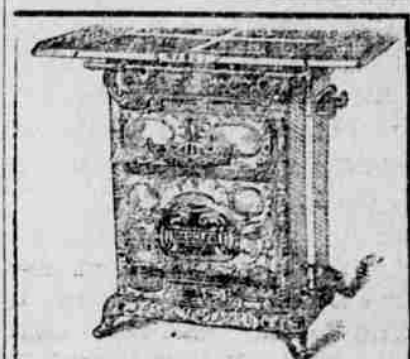

A number of switches will be put in on the line between Akron and Barberton, so that the run to the Magic City may be made in 20 minutes. The extension of the line to Johnston Corners will be pushed as rapidly as possible.

Ten new cars have been ordered—four open and four closed.

"We will make no attempt to prevent the Northern Ohio Traction Company from extending its line to Barberton," said President Walsh. If it builds the line, we will even up by placing more lines in this city."

President Walsh also said that extension of lines in Barberton would continue, even though the town council did continue its objecting.
